

Mission Statement

We are a company in New Your City with team members in the US and China. We seek to develop new international events and cooperation all over the world, including China and Asia.

Our goal is to create high-quality international events in natural scenic spots with well-known cultural and historical landscape characteristics, establish international brands, attract international participants, promote the development of local tourism resources and promote the development of local economy.

We promote exchange and cooperation between China and organizations worldwide through the platform of endurance sports tourism.

Body Mind Spirit
